

**BOSTON COMMON**  
**ASSET MANAGEMENT**

**HOW DID YOU ARRIVE AT BOSTON COMMON TODAY?**

Boston Common has pledged to become carbon neutral. Carbon neutral means that **for every ton of carbon we emit** through use of energy to heat and light our office, travel to meetings and events, and commute from home to work **we will 'remove' a ton of heat trapping carbon from the atmosphere** through improved efficiency and the purchase of a carbon offset. In addition, Boston Common would like to offset the emissions of our clients and friends who travel to meet with us. Let us know how far you travel by plane, train, or automobile and Boston Common will offset the carbon emissions of your trip to our office.
